

Appendix C to Rowing Ireland Selection Policy and 2021 Event Requirements For The Junior Ireland Rowing Team

Please Note: RI intends to review these Event Requirements by no later than January of each year based on finance but may review and update these Event Requirements at any time, including by announcing and publishing further or varied requirements and standards from time to time prior to the relevant event or trial.

Background:

These 2021 Event Requirements operate as an appendix to the Selection Policy and provides additional detail on the activities that rowers and coxswains must complete to be eligible for:

- Selection consideration for the Ireland Junior Team to compete at 2021 Junior World Rowing Championships and Coupe de la Jeunesse

All Athletes must complete all activities stipulated in these Event Requirements unless:

- expressly provided otherwise in these Event Requirements; or
- there are Special Circumstances (as defined in the Selection Policy) that prevent this (in which case Rowing Ireland must be notified of the particular reason in accordance with the Selection Policy).

In addition to the activities stipulated in these Event Requirements, athletes invited to the National Rowing Centre ("**NRC**") must also complete all activities stipulated by Rowing Ireland.

Event requirements Junior Athletes	Date	Location	Note
TT 2 long distance 6k (If invited)	24 – 25 Oct	Cork – NRC or as otherwise decided	<u>Distance for PARA 3k.</u>

Coupe de la Jeunesse	30 Jul-1 Aug	Castrelo de Mino	Event and Relocation for training TBC
Junior World Rowing Championships	11-15 Aug	Plovdiv (Bul)	

NOTES:

1) All National Ergometer testing is to be conducted as indicated on the event requirement document and send by the Tuesday of the week after the testing.

2) Lightweight athletes are required to be within the event requirement indicated weight ranges for racing, time trials, and any national testing.

3) Participation of athletes at the Selection Trials will be by invitation only for the activities as indicated by the event requirements document above. RI will announce the list of athletes invited to the Selection Trial by no later than five (5) days before the event.

4) The HPD supported by the appointed LCC reserves the right at his sole discretion to choose the crew combinations, seat racing partners and the matrix of seat racing in the Selection Trials, and to conduct ergometer and such other tests as required in order for the HPD to assess the specified selection criteria.

5) The minimum on-water performance prg% benchmarks required in each boat class under consideration for the SA is around 2% from the top SA RI. The top RI crew will be considered as a top crew only when its best 2k prg% time is around 95% of Rowing Ireland SA time. The minimum on-water performance benchmarks decided assume competition in neutral environmental conditions. Accordingly, the HPD with the support of the National Coaches may make adjustments (if any) to the minimum performance standards for environmental conditions as they see fit. Achievement of the minimum on water performance prg% benchmarks does not guarantee selection. The minimum on water performance prg% benchmarks are the minimum on-water performance standards required for the HPD to consider a boat for selection.

6) All events are subject to change as deemed necessary based on government, travel and health restrictions at the time

7) At the discretion of the HPD, event/trial/test locations maybe changed if deemed necessary for the best needs of the team
