New Rules and Tracker updates

Rowing Ireland continues to work with our Tracker system designers to make the necessary changes required due to the Rule changes passed at the recent Rowing Ireland EGM.

To ensure that the Tracker system functions correctly and enables all the rule changes to be successfully implemented a considerable amount of work has been undertaken by the system designers. This work has been delayed due to unforeseen circumstances beyond the control of all those involved in the process.

The timeline for the introduction of the New Rules is the end of this month. Rowing Ireland will communicate the exact date of the implementation of the rule changes in advance of them going live. Each affiliated club Secretary and club Captain will be notified by email and the date will also be advertised on our website and through our social media sites.

We understand and sympathise with the frustration of our members, please be aware that we are doing everything within our remit to ensure the changes happen as quickly as possible.

We would like to thank all involved in our sport for showing your patience during this rule change transition period.

Yours in Rowing

Pat Kiely
Rowing Ireland Club Support Officer
