NOTES:

- 1) All National Ergometer testing is to be conducted as indicated on the event requirement document and sent by the Tuesday of the week after the testing unless differently agreed with the HPD.
- 2) Lightweight athletes are required to be within the event requirement indicated weight ranges for racing, time trials, and any national testing.
- 3) Participation of SA and PARA athletes at the Selection Trials will be by invitation only for the activities as indicated by the event requirements document above. RI will announce the list of SA and PARA athletes invited to the Selection Trial no later than five (5) days before the event.
- 4) The HPD, supported by the Head Coach of each category, reserves the right at his sole discretion to choose the crew combinations, seat racing partners and the matrix of seat racing in the SA and PARA Selection Trials and to conduct ergometer and such other tests as required in order for the HPD to assess the specified selection criteria.
- 5) The minimum on-water performance prg % benchmarks required in each boat class under consideration for the SA is around 2% from the top SA RI. The top RI crew will be considered as a top crew only when it's best 2k prg % time is around 95% of Rowing Ireland SA time. The minimum on-water performance benchmarks decided assume competition in neutral environmental conditions. Accordingly, the HPD with the support of the National Head Coaches may make adjustments (if any) to the minimum performance standards for environmental conditions as they see fit, taking previous trial prognostic scores into consideration if required. Achievement of the minimum on water performance prg % benchmarks do not guarantee selection. The minimum on water performance prg % benchmarks are the minimum on-water performance standards required for the HPD to consider a boat for selection.
- 6) The SA and PARA Team Training Camps are mandatory for all Athletes and Coaches named in the Ireland SA and PARA Team unless differently agreed with the HPD.
- 7) Rowing Ireland reserves the right to nominate crew/s for targeted events at any time during the selection process if it is deemed that the crew/s have reached the required standard
- 8) All events are subject to change as deemed necessary based on government, Sport Ireland and Rowing Ireland travel and health restrictions, along with general health and safety factors at the time
- 9) At the discretion of the HPD, the event/trial/test protocol/dates and/or locations may be changed or events added if deemed necessary for the best needs of the team taking all factors into consideration
- 10) Any athlete already selected, or nominated and still in contention to be selected for the Olympic Games (Sen A,) will not be in a position to race for their clubs at the Irish Championships if the date of the Irish Championships is close to selection events or during the final relocation/preparation phase leading up to the Olympic Games event. Selection for 2024

World Championships (If part of the plan) of Selected Paris Olympic Team members will be based on a number of factors including results from trials in that season.

*Lightweight bodyweight – The HPD reserves the right to adjust the prescribed athlete bodyweight requirements if deemed necessary
