

We are looking for volunteers to help with the following events

Rowing Ireland 1k Classic - 29th June (Lough Rinn)

Rowing Championships - Fri 12th, Sat 13th and Sun 14th July (Inishcarra)

Launch Drivers

Duties – The crews are ready for The Champs but they can't hit the water until our team of launch drivers are in place. To ensure safety, fair racing and marshalling we need experienced launch drivers who are happy to put themselves into this high-octane racing environment:

Shifts - There are morning and afternoon shifts available.

Marshals

Duties - Marshals to control access to the gates into the compound/slip area - only rowers and coaches allowed within the rowing compound no spectators allowed.

Shifts -There are morning and afternoon shifts available.

Event Doctor

Duties – While an ambulance and paramedics will be on-site for the duration of the event, we require a doctor on call in case we need to sign off on a crew change after a heat has been raced.

Shifts - There are morning and afternoon shifts available.

Applying – if you wish to volunteer for one of the positions, or require any additional details, please contact champs-vm@rowingireland.ie

These are unpaid volunteer positions but each volunteer will be provided with meals throughout the event and will also receive a souvenir polo-shirt.
