

UL Rowing Club

Coaching Opportunity

UL Rowing Club are looking for coaching assistance for the upcoming 2024/2025 season. This is an excellent opportunity to work with a high performance rowing squad as part of an experienced coaching team to further your own development as a coach. UL Rowing Club have won 24 National Championships over the past 4 seasons – this is a chance to become a part of an incredibly high achieving club, recently awarded ‘Club of the Year’ by Rowing Ireland. All levels of coaches are encouraged to get in touch – whether you have coaching experience or rowing experience, the only requirement is enthusiasm! We are looking to develop a coaching team to continue the development of both our senior squad and novice squad over the next few years as our club continues to grow; any assistance with coaching for the upcoming season is appreciated, whether that only be a few sessions a week or more.

While a level 1 rowing coaching course is preferred, UL Rowing Club will fund the completion of the level 1 course for any aspiring coaches yet to complete it. If interested, please get in contact with us at ulrclubcaptain@gmail.com or call **089 206 2746**.
