Appendix C — Junior High Performance Selection Guidelines

Background:

The 2026/27 Selection Guidelines operate as an appendix to the Selection Policy and provide additional details on the activities that rowers and coxswains must complete to be eligible for the following events:

- 2027 Coupe de la Jeunesse
- 2027 U19 World Rowing Championships
- 2027 U19 European Rowing Championships (TBC)

Athletes must complete all activities stipulated in this Selection Guideline unless there are Special Circumstances (as defined in the Selection Policy) that prevent this (in which case Rowing Ireland must be notified of the particular reason in accordance with the Selection Policy).

In addition to the activities stipulated in these Event Requirements, athletes invited to the National Rowing Centre (***"NRC"***) must also complete all activities stipulated by Rowing Ireland.

Notes:

1) Participation of athletes at the Selection Trials will be by invitation only for a number of the events listed below. RI will announce the list of athletes invited to the Selection Trial no later than seven (7) days before the event.

2) Overseas Athletes must complete the erg testing requirements as agreed with the Pathway Coordinator and meet agreed performance standards before invitation to final trials.

3) All events are subject to change as deemed necessary based on weather conditions and unforeseen circumstances.

4) At the discretion of the HPD and Lead Coach, the event/trial/test protocol and/or locations may be changed or events added if deemed necessary for the best needs of the team taking all factors into consideration.
